

24th January 2024

Dear Parents and Carers,

We have delightful news to share with you, following a visit from an assessor earlier this month we have been awarded the Inclusive Schools Inclusion Quality Mark.

Mrs Teale has been leading on the submission for the past year, working with staff, children, in particular our Wellbeing Ambassadors, parents and governors to collate the evidence. The assessor, Sue Wight spent an intensive day in school meeting everyone involved and was so impressed that she has recommended the school as a Centre of Excellence.

Being recognised as an inclusive school means that we give every child an equal opportunity to succeed. We promote access and diversity, raising achievement for all children.

I have attached the summary of the final report to share Mrs Wight's findings with you; it's a fantastic result that shows how hard Mrs Teale and the team in school work together.

Best wishes

Miss M Dawson
Academy Principal
